

11.9.19 Solutions Meeting Summary:

We had consensus among members that our phone meetings occurring on the 8733 line with the 52639 pin be fully self-supporting and operate in accordance with our Traditions. The email letter sent by Sue P. from WSO affirms this.

Several options were presented towards this end:

- * Retain this same phone number and change the pin: 1) One new pin across all meetings OR 2) One new pin for each autonomous meeting OR 3) one new pin for each time slot of meetings 9am, 12 noon, 4pm, 8pm etc...
- * Relocate meetings to a newly established 8773 line with pin 86023
- * Relocate meetings to 8818 with pin 8888#
- * Relocate meetings to 8710
- * Reach out to the manager/owner of the 8733 line with the 52639 pin to find out if he is willing to surrender management/ownership of the line to us members
- * Inviting other phone meeting numbers to place their formats on the phonemeetings.org website

Current Workarounds:

* Business Meetings: line 712 432 8773 pin 86023 is available for Groups to hold their business meetings. Members of each autonomous meeting are encouraged to discuss the above options, discover any other possible solutions, and reason things out before making an informed decision.

Members attending each autonomous phone meeting are encouraged to participate in the discussion and vote process that group consciences and business meetings provide.

* After-Meetings: line 712 432 8773 pin 2287

Group Resources:

- * Group Business - pp.48-53 AI-Anon/Alateen Service Manual 2018-2021. PDF available as a free download at al-anon.org
- * Electronic AI-Anon Meeting Guideline (G-39)
- * Fact Sheet for Electronic Meetings (S-60)

* Al-Anon Group Records Change Form (referred to in Sue P's email letter)
